REIVEW PLAN OF CONSERVATION AND DEVELOPMENT:

Staff advised the commission that Martin Connor and Jocelyn Ayers from NWCOG were both reviewing the draft of the POCD. Mr. Connor spoke to Selectman Stein. He suggested that the commission use a portion of the draft POCD regarding all the input from the forums and survey and then work from the old POCD.

The commission continued to review the present draft. Staff provided the updated CERC data on the Town. Staff will also try to get the final report from FVHD regarding their survey done by the Yale interns on the Town health assessment.

Al Neumann had to leave at 8:30. The meeting adjourned as there was no quorum.
