7:00 PM Town Hall**

Minutes

Attendees: Michael Beauchene, Roger Behrens, John Greaser, Scott Johnstone, Christina Lavieri, Mario Santoro, Don Stein, First Selectman, Dr. Michael Klemens of the Cary Institute

Discussion:

The committee reviewed the minutes of the October 28th meeting. No changes were recommended.

The committee reviewed and discussed:

- the presentation to be made by the committee at the town informational meetings in January
- the letters to be sent to the property owners who have been selected for the biodiversity survey
- the introductory information on the website relative to the project, the public meetings and the survey regarding wildlife in town

The committee decided that the tentative meeting set for 12/16 was not necessary and will not be held.

The upcoming schedule of events is as follows

- the town website will be modified to set up a tab for this project which will include a link to the survey. Don Stein will also notify residents of the project through the town's e-mail list – tentative completion will be week of 12/1
- letters to be sent to property owners on 1/2, with town informational meetings to be held 1/11 and a second meeting to be held on 1/20

The meeting was adjourned at 9:00 PM.
